- Pipe Outfitting, Brazing, and Welding.
- CAD Design
- Robotic Cutting
- Robotic Welding
- Mechanize Cutting
- Mechanize Welding
- Laser engraving
- CNC Plasma Cutting
- CNC Machining
- NonDestructiveTesting

TMR Inc. is a small business that began in 2019. The company was founded by Carlos Del Cid and Mrs. Rivera with a strong team from around the globe with multiple years of experience in the ship repair, new shipbuilding, offshore, petrochemical, structural, tooling, and pressure vessel industry.

We have a strong graphic engineering, metallurgy welding engineering, non-destructive testing team to help our clients with complex projects, filler material consumable logistics, welder workmanship, root cause failure analysis, and thermal analyst to help prevent weld distortion.

Our goal is to adopt automation, robotics, automatic, and mechanize equipment with lean manufacturing principle methodologies to help provide consistent quality and deliver on time.
